## In-Ground Skimmers FOR VINYL/FIBERGLASS POOLS

Hayward in-ground pool skimmers are the preferred choice of professional pool builders. Engineered for residential applications, these large capacity skimmers are manufactured to Hayward's rigorous quality standards. Their durable, unibody construction is molded of rugged ABS, and they've been designed without submerged joints. Hayward skimmers come with multiple plumbing connections for easier installations.

All Hayward skimmers are non-corrosive, non-conductive and virtually indestructible, no matter what Mother Nature dishes out.

All vinyl/fiberglass pool skimmers are packaged with face plate, gaskets and screws.

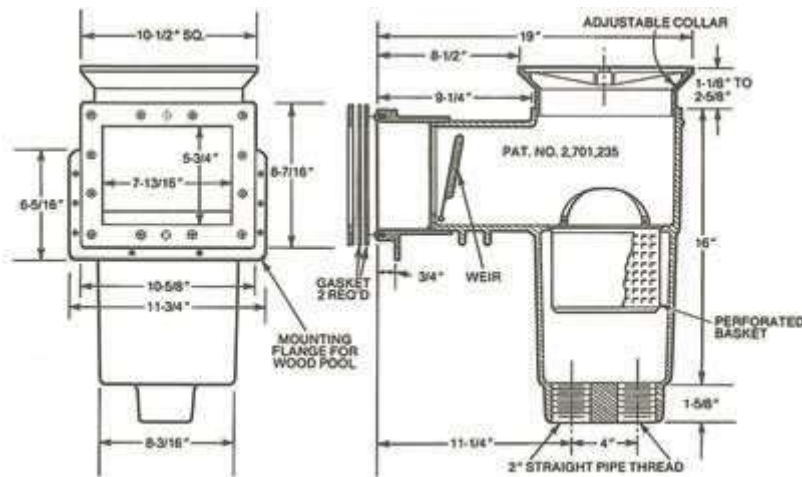

### SP 1080 AutoSkim™ Series

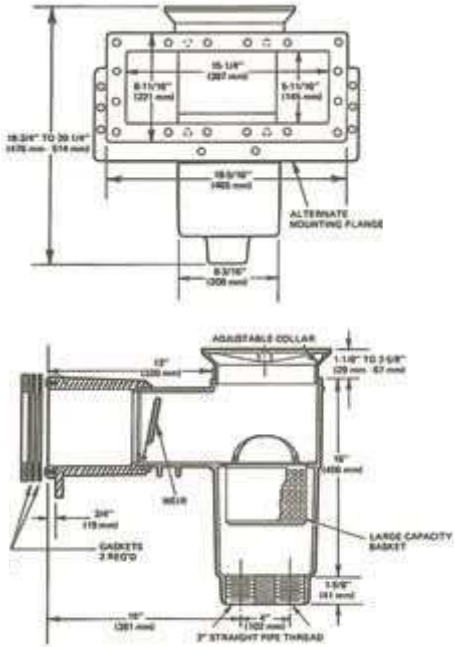

AutoSkim features include an automatic by-pass for low water conditions, adjustable cover collar, snap-in weir that adjusts automatically to water level fluctuations up to 4 1/2", a rigid, 163 cubic inch basket, integral Flo-Control slide plate and a choice of threads for piping versatility. The SP1084 line — engineered for in-ground vinyl/fiberglass applications — offers an 8 1/2" throat, a weather-beating ABS face rim for longevity, and 9 1/8" diameter round cover (10841R). They are also available with Float Valve and Equalizer Kit to meet specific NSF commercial requirements.

Model Number	Pipe Size	Cover Style	Throat Length	Ctn. Qty.	Ctn. Weight	Product Descriptions
SP10841*	1 1/2" FIP	Square	8 1/2"	1	13 lbs.	ABS body, adjustable cover collar, tamper-proof cover, basket, weir, Flo-Control slide plate, ABS face rim (white), gaskets, and screws.
SP10841R*	2" FIP	Round	8 1/2"	1	13 lbs.	
SP10841OM**	1 1/2" FIP	Square	8 1/2"	1	13 lbs.	
SP10841OMR**	1 1/2" FIP	Round	8 1/2"	1	13 lbs.	
SP1084**	2" FIP	Square	8 1/2"	1	13 lbs.	
SP1084R**	2" FIP	Round	8 1/2"	1	13 lbs.	

\*Skimmer includes standard and extra long 1 1/4" screws.  
 \*\*Available in Dark Gray – add suffix DGR for Dark Gray.  
 "R" designation indicates round collar and cover assembly  
 OM designation indicates thru-wall, outside mount for metal wall installations.

## SP 1080 AutoSkim™ Wide Track Series

Manufactured to Hayward's uncompromising standards, these tough, large capacity skimmers install easily and perform flawlessly in your in-ground vinyl and fiberglass jobs. Molded of 3/16" ABS, they're unaffected by even the most extreme variations in climate. The Wide Track Series includes a broad, 15 1/2" skimmer face opening that efficiently swallows debris, a square cover, and a choice of throat lengths from 9 1/4" to 12 1/4". AutoSkim Wide Track Series Skimmers are available with Float Valve and Equalizer Kit to meet specific NSF commercial requirements.

Model Number	Pipe Size	Cover Style	Throat Length	Ctn. Qty.	Ctn. Weight	Product Descriptions
SP10851OM	1 1/2" FIP	Square	12 1/4"	1	17 lbs.	ABS Body, adjustable cover collar, tamper-proof cover, basket, weir, Flo-Control plate. 12 1/4" long throat and 15 1/2" wide skimmer opening. Face rim, gaskets and screws.
SP10852*	1 1/2" FIP	Square	9 1/4"	1	16 lbs.	Same as SP10851, but with 9 1/4" (235mm) long throat and mounting flange for up to 1" thick walls.
SP10852OM**	1 1/2" FIP	Square	9 1/4"	1	16 lbs.	Same as SP10852, but packaged complete with SP1082FV Float Valve and SP1087 Equalizer Valve (NSF Listed)

\*Skimmer includes standard and extra long 1 1/4" screws.  
 \*\*Available in Dark Gray - add suffix DGR for Dark Gray.  
 OM designation indicates thru-wall, outside mount for metal wall installations.
