The Nature<sup>2</sup>  
CF Sanitizer

# Reduce chlorine use to just 0.5 ppm in your in-ground or aboveground pool!

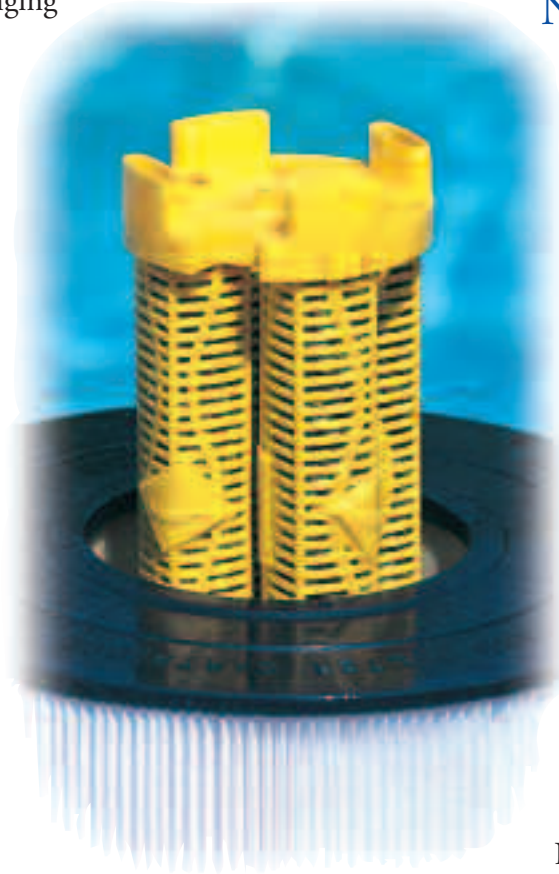

With Nature<sup>2</sup> CF you can experience a revolutionary approach to sanitizing your pool that gives you the clearest water imaginable. The patented Nature<sup>2</sup> System\* uses minerals to destroy bacteria. Just drop the Nature<sup>2</sup> CF into your cartridge filter, activate it and let it do the rest for four months. Then, just sit back and start enjoying the most crystal clear pool water in your neighborhood.

Using a Nature<sup>2</sup> sanitizer means you can significantly reduce the use of harsh chemicals like chlorine in your pool. And continuous use of Nature<sup>2</sup> in your pool means a

more consistent pH balance. Nature<sup>2</sup> reduces the potential for stinging eyes, skin irritation and unpleasant odors.

Maintaining a pool with Nature<sup>2</sup> is much simpler than using traditional chemical treatments. The Nature<sup>2</sup> sanitizer works automatically and requires no electricity. Pool owners who have switched from chemical programs happily report that they are now spending considerably less time maintaining their pools with Nature<sup>2</sup>. This means more time for you to enjoy your pool and its fresh, crystal clear water.

## How does Nature<sup>2</sup> CF work?

Water flows through the Nature<sup>2</sup> CF sanitizer which contains a layer of minerals which destroys bacteria. The sanitizer contains no moving parts and is unaffected by heavy use, hot weather and water temperature. It is compatible with most pool maintenance products and will not damage your pool equipment.\*\* Nature<sup>2</sup> CF provides

the ultimate in water sanitation for your pool for four months.

## Nature<sup>2</sup> CF easily installs in minutes.

Nature<sup>2</sup> CF is the most convenient way to immediately improve the quality of your pool water. If you have an in-ground or aboveground pool with a cartridge filter, you can just drop

the Nature<sup>2</sup> CF into the core of that filter. After you activate the Nature<sup>2</sup> CF you can start enjoying pool water clarity you can see and feel.

Nature<sup>2</sup> CF will sanitize pools up to 25,000 gallons.
